REFERENCE LETTER

Mr Prakash Kondibhau Naikade born on 14th July 1993 in Kadadhe (India), is employed at August-Wilhelm Scheer Institute as a working student in our Digital Health Lab since 01.09.2023.

Within the context of his work as a Junior Researcher, Mr. Naikade mainly fulfills the following tasks:

- Contributions to MediHopps, iperMö, FläKI and VuLCAn Research Projects in Computer Vision and Machine Learning

- Collaborative Coding within research projects for feature extraction, visualization and machine learning in python for different data types (unstructured data, IoT Data, video data and images)

- Exploration and Testing of various approaches for Body Pose Estimation and Human Activity Recognition

- Systematic Literature Research. Reviews and scientific writing in different topic areas (such as VR for sports and health, Generative AI, Machine Learning Applications for health and Industry 4.0)

We appreciate Mr. Naikade as a committed, reliable and open-minded employee, who carries out his activities successfully with high personal dedication. Thanks to his quick perception and his well-founded qualification, Mr. Naikade is able to familiarize himself independently and successfully with his extensive and varied tasks after a very short introduction period. His approach is always structured, well thought out and always result-oriented and practical. His work results are always of good quality. He always fulfills his tasks to our full satisfaction. Due to his friendly and courteous manner, he is always appreciated and respected by superiors and colleagues.

Mr. Naikade receives this reference letter at his own request. We would like to thank him for his always excellent performance and commitment and look forward to a continued successful and trusting cooperation.

Saarbrücken, 31.07.2024
